

Test socket, Stamping contact type GQ series

Burn-in Test

Specification

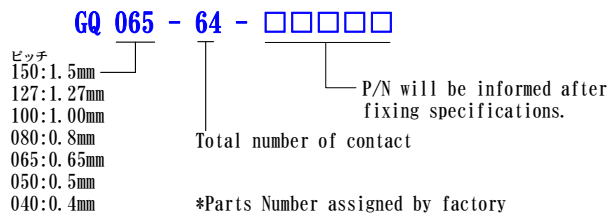

Insulation Resistance : 1000MΩ min at DC500V
Dielectric withstanding voltage : AC500v 1 minute
Contact Resistance (initial) : 50mΩ
Temperature range : -40°C ~ 150°C

Material

Base Insulator: High temp plastics
Lid: High temp plastics
Latch: High temp plastics
Contact : BeCu, Gold over Ni plated
Shaft: SUS

How to decide a part number
