

Small Size Open Top Test Socket Size 8mm x 17mm / 0.31" x 0.67"

Features:

- Small Size
- Better Thermal Condition
- Suitable for Automatic Device Setting
- Custom Design welcome

Specifications (typical)

Rate Current : 0.5A at 25°C
 Initial Contact Resistance : 200mΩ max
 Dielectric Strength Voltage : AC100V rms 1 min
 Insulation Resistance : 1000MΩ min at DC100V
 Temperature Range : -40°C TO +150°C

mm

How to order

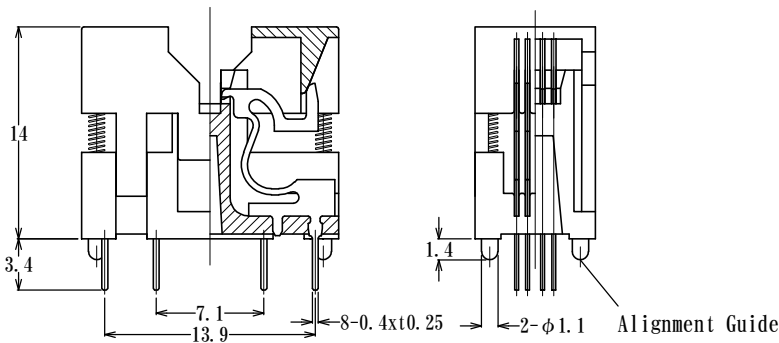

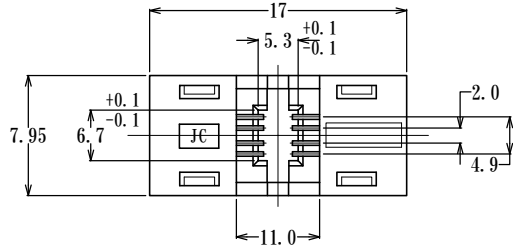

GUT8-□□□□-□□□□

Pin Number, Style

P/N will be informed after fixing specifications.

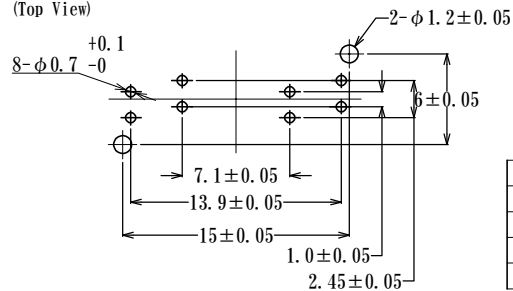

How to order (example)

GUT8-U800-STDJ

For example
 MEMS Device
 SAW Filter
 Semiconductor
 Electronic Part

PC Board Layout (Top View)

4	Spring Coil	2	Sus. Ni plating
3	STAMP A	8	BeCu, Ni plating over Gold plating
2	Insulator-Futa17EX	1	High Temperatue Plastic
1	Insulator-Body17EX	1	High Temperatue Plastic
